We have recently had a lot of issues with things being put in the tree pile that can not be put in there. This is a reminder that we get caught with this in the tree pile we will get very big fines and get shut down meaning the only place to take tree limbs would be the dump in York and come at a cost to the residents. Please keep this in mind. Also, if anyone sees people dumping stuff that shouldn't be in there please report it to the Village Office right away! Thank you for your help!

Another thing I could use parent's help on. I have had several people report to me that kids are going up and messing around the new houses that were brought in. I understand it's interesting but it is private property and people need to stay off the property and away from the houses. It is also a construction zone and dangerous. Please have a talk with your children regarding this. Thank you!
